ABOUT THE AWARDS

Launched in 2013, the annual Asia Pacific Eldercare Innovation Awards is an industry innovation driven by Ageing Asia. The first of its kind in the Asia Pacific region, the Asia Pacific Eldercare Innovation Awards was created to provide an annual recognition to organisations in the Asia Pacific that demonstrate eldercare innovation in their business, operational and service models to change the way our older adults age. The 8th edition of the Asia Pacific Eldercare Innovation Awards will return to Singapore on 20 May 2020 to applaud organisations for their innovative and quality approaches to change the way the region’s older adults age, and for their contribution in shaping the future of the ageing landscape.

The awards logo includes a human element that represents the importance of empathy and passion by the people who work hard each day to raise the quality of life for older adults.

2ND ASIA PACIFIC SILVER ARCHITECTURE AWARDS CATEGORIES

The Asia Pacific Eldercare Innovation Awards presents the Silver Architecture Awards - the only global architecture awards for the region’s silver market that applaud the excellence in architecture and interior design that go beyond the practical purpose of a built environment for older adults. This awards aim to recognise and honour the creative and innovative minds that support quality in lifestyle and experience, care and overall happiness for the region’s older adults.

1. ARCHITECTURE FIRM OF THE YEAR
Recognising the architecture firm that has inspired and contributed greatly to advancing and raising the standard of living environments and living experience for older adults in the past decade

2. INTERIOR DESIGN FIRM OF THE YEAR
Best interior design firm that creatively fulfil the true potential of a space and support and enhance the living experience for older adults in the past decade

3. ARCHITECT OF THE YEAR
Recognising individual who has made substantial contribution in the healthcare and senior living architectural space and who demonstrates passion and dedication towards changing the future of ageing

4. INTERIOR DESIGNER OF THE YEAR
Recognising individual who has made substantial contribution to enhance the living experience of older adults through creative interior designs and who demonstrates passion and dedication towards changing the future of ageing

5. WELLNESS INTEGRATION OF THE YEAR
Best architecture design that integrates wellness to support living environments for older adults

6. PROJECT OF THE YEAR – AGEING-IN-PLACE
Best architecture design project by a firm that embodies ageing-in-place for older adults

7. PROJECT OF THE YEAR – RESIDENTIAL AGED CARE
Best architecture design project by a firm that supports living environments for older adults in residential aged care
The Ageing Asia Global Ageing Influencer Award applauds global thought leaders, innovators and frontrunners in seniors living, aged care and healthcare who have developed innovations, programmes or services that advance standard of living for older adults. The awards will be an annual iconic showcase that honours the outstanding achievements of global change-makers in the Asia Pacific ageing market.

WHO QUALIFIES TO BE AN AGEING ASIA GLOBAL AGEING INFLUENCER?

• Passionate thought leaders and innovators who continuously challenge traditional boundaries to change the future of how we age.
• Demonstrate published viewpoints, implementations and innovations that will change the future of ageing in Asia Pacific.
• Endorsement by organisation and industry colleagues.

WHAT WILL THE GLOBAL AGEING INFLUENCER RECEIVE?

• Global Ageing Influencer Pin
• Awards Certificate
• Interview quote to share their view on how they would like to change the future of ageing in Asia Pacific (100 words)
• Ageing Asia Alliance Journal Special Edition ‘Ageing Asia Global Ageing Influencers’
• Website recognition on Ageing Asia official website
• Recognition as ‘Ageing Asia Global Ageing Influencers 2020’

Nomination Stage

Who can nominate?
All speakers and partners of Ageing Asia and the Ageing Asia Global Advisory Board will be entitled to nominate (Self-nomination is allowed) – Limited to one nomination per pax

Who are you nominating?
• Name, job title, age, company, country
• Nominee contact details

Tell us about the person you are nominating
• Why do you think this person deserves to be recognised as an influencer? (100 words)

Your contact details
• Name, Job Title, Company, Country, Address, Contact Number, Email

Vetting Process Stage

All nominees will be informed and invited to complete the vetting process in order to qualify

Endorser (Up to 3 outside of your organisation)
• Endorser Name, Job Title, Age, Company, Country, Contact Number, Email
• Endorsement testimonial (100 words)

What are your Top 3 Accomplishments in Ageing (30 words per Accomplishment)
• To be completed by nominee

How would you like to change the future of ageing in Asia Pacific? (100 words)
• To be completed by nominee

Timeline

• Nominations end: 18 JANUARY 2020
• Vetting Process: 19 JANUARY – 31 JANUARY 2020
• Qualified influencers to be informed by: 2 FEBRUARY 2020
• Awards Dinner & Ceremony: 20 MAY 2020
GLOBAL AGEING TRAILBLAZERS
Recognising multi-disciplinary leadership in ageing that inspires change in their home country

The Ageing Asia Global Ageing Trailblazer Award recognises outstanding achievements of multi-disciplinary entrepreneurs who inspire others with their portfolio of work that creates an impact and advances standards of living for older adults in their country of residence.

WHO QUALIFIES TO BE AN AGEING ASIA GLOBAL AGEING TRAILBLAZER?

Organisations who have entered the Facility of the Year category for the last two immediate editions of the Awards are not allowed to enter the same facility in the same category for 2020. Different facilities from the same organisation are however eligible for submission.

1. FACILITY OF THE YEAR – AGEING-IN-PLACE
Provides the best independent senior living or retirement village environment for older adults to age-in-place with integrated care and services

- Facility name
- Facility description (max. 50 words)
- What percentage of your facility is government funded?
- Care philosophy & vision (max. 50 words)
- How much did it cost to build and how was it funded?
- Cost to rent / purchase, monthly or annual service fees (in USD)
- Staff to client ratio
- Staff size
- No. of clients
- How does this facility enable ageing-in-place? (max. 50 words)
- How do the programmes and activities help improve quality of life? (max. 50 words)
- How does this facility attract and retain talent? (max. 50 words)
- How does this facility measure quality of life and client happiness? (max. 50 words)
- Please submit three client experience testimonials (max. 50 words each testimonial)
- Please submit 3 x photos of meals served for a typical day

2. INNOVATION OF THE YEAR – COMMUNITY CARE MODEL
Best community care model implementation that demonstrates improvement in quality of life for older adults

- Innovation name
- Innovation description (max. 50 words)
- Care philosophy & vision (max. 50 words)
- Cost to implement / daily, monthly or annual user fees (in USD)
- How does this innovation improve quality of life for older adults? (max. 150 words)
- How readily is this model accessible to members of the community – information outreach, awareness, integration with other services / providers in the community? (max. 150 words)

3. INNOVATION OF THE YEAR – RESIDENTIAL CARE MODEL
Best residential care model implementation that demonstrates improvement in quality of life for older adults

- Innovation name
- Innovation description (max. 50 words)
- Care philosophy & vision (max. 50 words)
- Cost to implement / daily, monthly or annual user fees (in USD)
- How does this innovation provide a supportive living environment, improve service delivery and manpower efficiency? (max. 150 words)
- What are some of the measurable metrics to assess quality of life and client happiness? (max. 150 words)

4. INNOVATION OF THE YEAR – DEMENTIA SOLUTION
Best dementia solution implementation that demonstrates improvement in quality of life for older adults

- Innovation name
- Innovation description (max. 50 words)
- Care philosophy & vision (max. 50 words)
- Cost to implement / daily, monthly or annual user fees (in USD)
- How does this innovation provide a supportive living environment and improve dementia care delivery? (max. 150 words)
- How does this innovation empower users and promote active participation? (max. 150 words)
- What are some of the measurable metrics to assess quality of life and client happiness?

5. INNOVATION OF THE YEAR – FOOD & NUTRITION
Best food & dining experience that demonstrates improvement in quality of life for older adults

- Innovation name
- Innovation description (max. 50 words)
- Care philosophy & vision (max. 50 words)
- Cost to implement / daily, monthly or annual user fees (in USD)
- How does this innovation improve the experience dining and quality of life for older adults? (max. 150 words)
- What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 150 words)
- Please submit 3 x photos of meals served for a typical day

Note on Submissions:
Submissions for FACILITY OF THE YEAR – AGEING-IN-PLACE category requires a COMPULSORY video submission – please see behind for more information.

JUDGING CRITERIA - 8TH ASIA PACIFIC ELDERCARE INNOVATION AWARDS

The OSCARS of APAC Eldercare Industry | WWW.AGEINGASIA.COM
JUDGING CRITERIA - 8TH ASIA PACIFIC ELDERCARE INNOVATION AWARDS

6. INNOVATION OF THE YEAR – PRODUCT
Best product implementation that demonstrates quality of life for older adults
• Innovation name
• Innovation description (max. 50 words)
• Care philosophy & vision (max. 50 words)
• Cost to implement / daily, monthly or annual user fees (in USD)
• How does this innovation improve quality of life for older adults (max. 150 words)
• How does this innovation enable manpower efficiency? (max. 150 words)
• What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 150 words)

7. INNOVATION OF THE YEAR – PRODUCTIVITY
Best practice that demonstrates improved productivity in organisational efficiencies and quality of care delivery
• Innovation name
• Innovation description (max. 50 words)
• Care philosophy & vision (max. 50 words)
• Cost to implement / daily, monthly or annual user fees (in USD)
• How does this innovation improve quality of life for older adults (max. 150 words)
• How does this innovation enable manpower efficiency? (max. 150 words)
• What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 150 words)

8. INNOVATION OF THE YEAR – HEALTH PROGRAMME
Best health programme model implementation that demonstrates quality of life for older adults
• Innovation name
• Innovation description (max. 50 words)
• Care philosophy & vision (max. 50 words)
• Cost to implement / daily, monthly or annual user fees (in USD)
• How does this innovation demonstrate creativity and health benefits for older adults? (max. 150 words)
• What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 150 words)

9. INNOVATION OF THE YEAR – SOCIAL ENGAGEMENT PROGRAMME
Best social engagement programme model implementation that demonstrates quality of life for older adults
• Innovation name
• Innovation description (max. 50 words)
• Care philosophy & vision (max. 50 words)
• Cost to implement / daily, monthly or annual user fees (in USD)
• How does this innovation improve quality of life for older adults (max. 150 words)
• How does this innovation enable purpose and empowerment for older adults? (max. 150 words)
• What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 150 words)

10. INNOVATION OF THE YEAR – TECHNOLOGY
Best technological model implementation that demonstrates quality of life for older adults
• Innovation name
• Innovation description (max. 50 words)
• Care philosophy & vision (max. 50 words)
• Cost to implement / daily, monthly or annual user fees (in USD)
• How does this innovation demonstrate creativity and effectively enhance the approach of care delivery?
• What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 150 words)

11. BEST HOME CARE OPERATOR
Provides the best health, care and social services delivered to home
• Operator name
• Care philosophy & vision (max. 50 words)
• Description of home care services (max. 50 words)
• What percentage of your operations is government funded?
• Service fees (in USD)
• Staff to client ratio
• Staff size
• No. of clients
• How does this service support independence, and encourage improvements in performing daily living activities? (max. 50 words)
• How does this service create a second family and support network? (max. 50 words)
• How does this service provide a personal and customised care service within your own client’s home? (max. 50 words)
• What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 50 words)
12. BEST DAY CENTRE OPERATOR

*Provides the best centre based health, care and social services to enable ageing-in-place*

- Operator name
- Care philosophy & vision (max. 50 words)
- Description of centre (max. 50 words)
- What percentage of your operations is government funded?
- Day Centre Fees (in USD)
- Staff to client ratio
- Staff size
- No. of clients
- What activities do you provide for social engagement? (max. 50 words)
- What services do you provide to support ageing-in-place? (max. 50 words)
- What type of health related programmes or activities do you provide? (max. 50 words)
- What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 50 words)

13. BEST ACTIVE AGEING PROGRAMME – COMMUNITY

*Best interest group, activity group, performance group that encourages participation of older adults in a community setting*

- Programme name
- Care philosophy & vision (max. 50 words)
- Description (max. 50 words)
- What percentage of your programme is government funded?
- Service fees (in USD)
- Staff to client ratio
- Staff size
- No. of clients
- How does this programme provide motivation for clients to improve and promote social interaction? (max. 50 words)
- How does this programme increase strength and confidence for daily living and wellbeing? (max. 50 words)
- What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 50 words)
- Please list up to 10 clients who have participated in this programme

14. BEST ACTIVE AGEING PROGRAMME – RESIDENTIAL

*Best interest group, activity group, performance group that encourages participation of older adults in a residential setting*

- Programme name
- Care philosophy & vision (max. 50 words)
- Description (max. 50 words)
- What percentage of your programme is government funded?
- Service fees (in USD)
- Staff to client ratio
- Staff size
- No. of clients
- How does this programme provide motivation for clients to improve and promote social interaction? (max. 50 words)
- How does this programme increase strength and confidence for daily living and wellbeing? (max. 50 words)
- What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 50 words)
- Please list up to 10 clients who have participated in this programme

15. BEST DEMENTIA CARE PROGRAMME

*Best memory support programme to engage, enable rehabilitation and happiness for older adults with dementia*

- Programme name
- Programme description (max. 50 words)
- How often is this programme?
- How much does it cost to run this programme? (in USD)
- Name of staff who developed this programme
- Job title of staff
- Staff size
- How does this programme encourage interactions engagement? (max. 50 words)
- How does this programme support independence and empowerment? (max. 50 words)
- How does this programme improve cognitive and physical health? (max. 50 words)
- What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 50 words)
16. BEST SMART CARE TECHNOLOGY – PRODUCT

Best technology innovation that enables independence, health monitoring, operational efficiency and care support

- Product name
- Country
- Description (max. 150 words)
- How often will this product be used? (Annually/monthly/weekly/daily)
- How much does it cost to run this technology product? (in USD)
- How does this technology enable user independence and improve wellbeing? (max. 50 words)
- How does this technology enable health monitoring? (max. 50 words)
- How does this technology demonstrate creativity and enhance operational efficiency? (max. 50 words)
- What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 50 words)

17. BEST SMART CARE TECHNOLOGY – SOLUTION

Best technology innovation that enables independence, health monitoring, operational efficiency and care support

- Product name
- Country
- Description (max. 150 words)
- How often will this product be used? (Annually/monthly/weekly/daily)
- How much does it cost to run this technology product? (in USD)
- How does this technology enable user independence and improve wellbeing? (max. 50 words)
- How does this technology enable health monitoring? (max. 50 words)
- How does this technology demonstrate creativity and enhance operational efficiency? (max. 50 words)
- What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 50 words)

18. BEST SOLUTION TO SUPPORT AGEING-IN-PLACE – ASSISTIVE

Best solution that demonstrates ease-of-use, elderly friendly, affordability and improves quality of living for older adults

- Product name
- Country
- Description (max. 150 words)
- Who is the target user?
- What is the cost of implementation? (in USD)
- How will this product improve quality of living for older adults? (max. 50 words)
- How user friendly is this product for both the caregiver and users? (max. 50 words)
- How affordable is this product? (max. 50 words)
- Please list up to 10 clients who have implemented this product
- Any evidence-based research to support this product? (If yes, you may submit research document as supporting documents – no more than 10 pages in total)
- What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 50 words)

19. BEST SOLUTION TO SUPPORT AGEING-IN-PLACE – WELLNESS

Best solution that demonstrates ease-of-use, elderly friendly, affordability and improves quality of living for older adults

- Product name
- Country
- Description (max. 150 words)
- Who is the target user?
- What is the cost of implementation? (in USD)
- How will this product improve quality of living for older adults? (max. 50 words)
- How user friendly is this product for both the caregiver and users? (max. 50 words)
- How affordable is this product? (max. 50 words)
- Please list up to 10 clients who have implemented this product
- Any evidence-based research to support this product? (If yes, you may submit research document as supporting documents – no more than 10 pages in total)
- What are some of the measurable metrics to assess user satisfaction and client happiness? (max. 50 words)
20. ARCHITECTURE FIRM OF THE YEAR
Recognising the architecture firm that has inspired and contributed greatly to advancing and raising the standard of living environments and living experience for older adults in the past decade
- Name of firm
- Name of owner of firm
- Job title of owner of firm
- Years of operation
- Head office country
- Team Members in the healthcare/aged care team (Name, Designation, Country)
- What is the firm's vision for the ageing population? (max. 50 words)
- What is your firm’s perspective on the future of silver architecture? (max. 50 words)
- How do you use your works to improve the living environment and experience for older adults? (max. 150 words)
- How do your works demonstrate creativity in the use of innovation and technology to provide a supportive environment for older adults? (max. 150 words)
- What are your top three (3) completed built projects that demonstrate your firm’s best contributions towards advancement in silver architecture? (max. 150 words per project)
- Kindly share any awards won by the firm related to silver architecture in the last 3 years. (If yes, you may submit as supporting documents – no more than 10 pages in total)

21. INTERIOR DESIGN FIRM OF THE YEAR
Best interior design firm that creatively fulfil the true potential of a space and support and enhance the living experience for older adults in the past decade
- Name of firm
- Name of owner of firm
- Job title of owner of firm
- Years of operation
- Head office country
- Team Members in the healthcare/aged care team (Name, Designation, Country)
- What is the firm’s vision for the ageing population? (max. 50 words)
- How does your works demonstrate creativity in the use of space and design to provide an inclusive and supportive environment for older adults and the caregivers? (max. 150 words per project)
- Please share two (2) examples of how your works combine design and functionality? (max. 150 words per project)
- List one completed project that best demonstrate your firm’s contributions towards advancement in silver generation living design? (max. 150 words)
- Kindly showcase any awards won by the firm related to silver generation living design in the last 3 years. (If yes, you may submit as supporting documents – no more than 10 pages in total)

22. ARCHITECT OF THE YEAR
Recognising specialist architects who has made substantial contribution in the healthcare and senior living architectural space and who demonstrates passion and dedication towards changing the future of ageing
- Architect name
- Job title of Architect
- Number of years of working experience in silver architecture
- What is your perspective on the future of silver architecture? (max. 50 words)
- How would you push the boundaries and approach towards advancement of silver architecture? (max. 50 words)
- Share up to three (3) completed built projects that best demonstrate your contributions towards advancement in silver architecture (max. 150 words per project)
- Awards won related to silver architecture (if any) in the past 3 years. (If yes, you may submit as supporting documents – no more than 10 pages in total)

23. INTERIOR DESIGNER OF THE YEAR
Recognising individual who has made substantial contribution to enhance the living experience of older adults through creative interior designs and who demonstrates passion and dedication towards changing the future of ageing
- Designer name
- Job title of Designer
- Number of years of working experience in silver generation living design
- What is your perspective on silver generation living design? (max. 50 words)
- What is your vision for the ageing population and how do you plan to use your works to improve the living environment and experience for older adults and the caregivers? (max. 150 words)
- How would you push the boundaries and approach towards advancement of design for the silver generation? (max. 50 words)
- Share up to three (3) completed projects that best demonstrate your contributions towards advancement in silver generation living design (max. 150 words per project)
- Awards won related to silver generation living design (if any) in the past 3 years. (If yes, you may submit as supporting documents – no more than 10 pages in total)
### 24. WELLNESS INTEGRATION OF THE YEAR*

*Best architecture design by a firm that integrates wellness to support living environment for older adults*

- Name of firm
- Name of owner of firm
- Job title of owner of firm
- Years of operation
- Head office country
- Name of Project, project owner and country of project
- What is the project value (in USD)
- Name of Project Team Lead
- Job title of Project Team Lead
- Other Project Team Members (Name, Designation, Country)
- What is this project’s design philosophy? (max. 50 words)

CREATING INTERGENERATIONAL ALL-ABILITIES AGEING-IN-PLACE COMMUNITIES THAT ENABLE & INSPIRE

Into its 11th edition, Ageing Asia 2020’s main conference aims to showcase the world’s most innovative models that will enable Healthy Ageing, Independent Ageing and Dignified Ageing, and encourages greater collaborations between business, government and community organisations.

Held alongside the main conference is the Ageing Innovation Exhibition that curates the world’s top 100 products that will enable successful ageing – Home & Community Care, Fun Rehab, Assistive Living & Age Tech, Finance & Lifestyle, Seniors Housing & Care, Active Ageing & Dementia.

This annual knowledge sharing market platform held annually in Singapore that connects global C-level business, government and community leaders to explore and collaborate on business opportunities in Real Estate, Healthcare, Wellness, Finance, Technology and Senior Care.

18-21 May 2020
MARINA BAY SANDS CONVENTION CENTRE, SINGAPORE

HELD IN CONJUNCTION WITH
AGEING ASIA 2020 - 11th Ageing Asia Innovation Forum & Expo
Asia’s most influential platform on the business of ageing that looks at bringing together over 1,000 industry representatives from over 20 countries to access opportunities in Asia Pacific’s US$3.3 Trillion ageing market.

KEY OBJECTIVES
1. Knowledge exchange of global best practices in care for older adults
2. Market intelligence on successful strategies in the business of ageing
3. Encourage culture change to improve service delivery
4. Translate global care models for local markets
5. Improve sustainability of care: Funding, operational efficiency and quality
6. Identify subject matter experts and new partnership opportunities

ABOUT AGEING ASIA ALLIANCE
The Ageing Asia Alliance (the Alliance) was formed in 2012. It is Asia Pacific’s first industry network on the business of ageing. The Alliance exists to nurture investments and development of products and services that addresses the evolving needs of Asia Pacific’s 1.2 billion ageing baby boomer population, representing US$3.3 trillion in ageing market opportunity. The principal goal of the Alliance is to establish a network that will be the most recognised platform for Asia Pacific’s ageing market intelligence, and to champion higher excellence in both eldercare and industry standards. It represents members with a shared vision on changing the future of ageing in the region. To date, the Alliance has over 1,700 professional members.

Three Pillars of the Alliance
• Facilitate knowledge transfer between international ageing market experts for Asia Pacific
• Research market intelligence on Asia Pacific’s silver economy business opportunities
• Improve quality of eldercare in Asia Pacific

THE 8TH ASIA PACIFIC ELDERCARE INNOVATION AWARDS 2020 AND 2ND SILVER ARCHITECTURE AWARDS 2020 IS PRODUCED AND HOSTED BY AGEING ASIA ALLIANCE
